

“Great Function Rooms”

When hiring the rooms we ask that you:

- complete a checklist advising us of a number of items such as preferred drinks, any special requirements, catering needs etc
- A guest list (to comply with liquor license requirements)
- Pay for drinks over the bar. This is not a BYO facility but drinks are below normal public bar prices. BYO champagne for toasts is ok.
- Pay a \$100 booking deposit

How the night would proceed

A common way to run functions like 21^{sts} or engagement parties is for the hosts to put a set amount 'on the bar'. Our bar staff will dispense drinks at no charge to patrons until the tab runs out then patrons start paying themselves. Of course, the tab can run for the whole night or guests can buy their own drinks all night.

We ask that you do a basic clean of the kitchen, tables and loose rubbish before leaving. We will clean the bar and do a room detail afterwards.

“We couldn’t have picked a better spot for her 21st.”
